Staffordshire Community Foundation

Strategic Report for the Year Ended 31 March 2016

The trustees, who are directors for the purposes of company law, present their strategic report for the year ended 31 March 2016, in compliance with s414C of the Companies Act 2006.

Fair review of the business

Achievements and performance

The Community Foundation continues to grow in line with pre-set targets, included in the charity's Business Development Plan and Fund Development Plan. These targets are revisited every 3 years in detail, and briefly every 12 months. There was a plan to revise the targets in light of the financial performance of outside factors, along with the reduction in funding provided by central government. However, this was not necessary due to an increase in income from other sources.

Financial review

The Statement of Financial Activities for the year is set out on page 10 of the financial statements. A summary of the financial results is set out below.

Income received comprised donations, management fees and endowment funds of £1,824,894 (2015: £1,167,750). Details of grants paid out are disclosed in Note 8.

Other expenditure was principally the costs of promoting the Foundation, administration of the grant giving process and governance costs.

Policy on reserves

The Community Foundation aims to cover the running costs of the organisation, (including the basic operating costs and more advanced and client facing activities), through day to day business activity, including the distribution of grants for which a fee may be payable, and through the charges we made for our services.

As a charity and a non-profit making company the Community Foundation do not aim to make a profit, but a surplus may occur when income exceeds expenditure.

The board recognises the need to grow endowment levels to a critical mass in order to provide a sustainable source of future income, that is not as affected by new contracts and funding cycles. The current target for the endowment fund is £10m by 2020, which would provide a regular income of c£250,000, and would be enough to cover the running costs of The Community Foundation at current levels.

Staffordshire Community Foundation

Strategic Report for the Year Ended 31 March 2016

The board also recognises that there is a need to ensure that should income levels not be sufficient to cover running costs, there is a plan in place to ensure the continued operation of The Community Foundation in the short term, to allow it chance to recover and grow. As a way to address this concern The Community Foundation has developed the following reserves policy.

Unrestricted reserves may be used for any purpose that the charity sees fit, and this affects the level of reserves that the Community Foundation aim to maintain. Certain items of income may not contribute to unrestricted reserves, as they are already allocated for expenditure in advance. For the purposes of this policy expendable endowments will not be included in reserves, although they may offer flexibility with regards to planned expenditure.

For the purposes of this policy the board have set a level of £125,000 to be held in unrestricted reserves, which will be the equivalent of 6 months running costs at current levels. This level will give the Foundation time to find alternative funding sources should there be a significant drop in income levels. It is recognised that as a fully functioning Community Foundation we may need to increase this level in the future, as the organisation grows and develops.

Investment policy and objectives

SCF invests following Charity Commission guidelines. As part of that strategy, SCF have adopted an ethical investment policy encompassing changing community guidelines. The charity continues to employ Brewin Dolphin as our investment managers, and has also taken on CCLA.

Principle risks and uncertainties

The lack of centrally funded initiatives and the performance of the financial markets, in which much endowment is invested, are the biggest risks to the Community Foundation. These issues are kept under regular review in order to provide early mitigation and action if needed. The formal Risk Assessment provides details of the actions needed to mitigate these risks.

With a growth in privately held endowment there is a need to expand the services provided by the Community Foundation in order to provide a sufficient service to donors, as well as to look at complimentary services. This must be carefully balanced with sustainable income and resources to ensure there is no retraction of Community Foundation services.

Structure, governance and management

Nature of governing document

The organisation is a charitable company limited by guarantee, incorporated on 21 May 2001 and registered as a charity on 16 April 2002. The company was established under a Memorandum of Association. In the event of the company being wound up, each member is required to contribute an amount not exceeding £10.

The directors of the company are also charity trustees for the purposes of charity law.

Recruitment and appointment of trustees

There are no currently serving trustees seeking re-election at the forthcoming Annual General Meeting.

The Board constantly keeps its skill requirements under review.

Staffordshire Community Foundation

Trustees' Report

Induction and training of trustees

New trustees are given an appropriate induction by the Chairman and Chief Executive including a briefing on trustee responsibilities; an outline of the key objectives and ethos of the Staffordshire Community Foundation (SCF); background information on community foundations in general and a full briefing on the SCF's financial standing and responsibilities.

The trustees meet three times a year as a full board to discuss strategy, review progress on funding and identify opportunities for the organisation. They also meet once a year for a Board Workshop. Trustees also form four sub-committees with differing responsibilities which meet three times per year.

Arrangements for setting key management personnel remuneration

The responsibility for the setting of the Chief Executive's remuneration rests with the Chairman and the Board of trustees. Remuneration for other key management personnel is set by the Chief Executive and formally approved by the Board of trustees.

Objectives and activities

Objects and aims

The company's objectives are the promotion of any charitable purpose for the benefit of the community or any part thereof in the County of Staffordshire.

Objectives, strategies and activities

- To promote the formation of permanent endowment funds for the benefit of the community.
- To distribute grants for the benefit of community groups throughout Staffordshire on behalf of government, statutory bodies, endowment funds and national charities.
- To create and foster strong relationships between the public, private and voluntary sector.

Public benefit

- SCF's Endowment portfolio has developed considerably and now stands at £4.7m.
- SCF have successfully operated grant distribution contracts on behalf of The Office of Civil Society, Coventry Building Society, Comic Relief, the Office of the Police and Crime Commissioner for Staffordshire and Stoke on Trent City Council.
- To date SCF has distributed over £5 million to Charities and Community Groups.
- Through consolidation SCF now manages 21 individual Endowment Funds on behalf of donors.
- The Community Foundation has launched the Vital Signs project in Staffordshire, highlighting and drawing attention to hidden areas of need and deprivation.

The trustees confirm that they have complied with the requirements of section 4 of the Charities Act 2011 to have due regard to the public benefit guidance published by the Charity Commission for England and Wales.

Staffordshire Community Foundation

Trustees' Report

Grant making policies

The basic criterion that applies to all open grants programmes is that the groups must be based in Staffordshire, or where applicable to a specific fund, in a smaller area within the county. Exceptions to this may apply where a grant scheme is targeted to a general geographical area, primarily in Staffordshire but which may take in areas of South Cheshire, northern Shropshire or eastern Derbyshire. Unless otherwise stated, all funding streams are open to 'not-for-profit' organisations. The potential recipient does not need to be a registered charity to apply for funds, as long as it has charitable aims and has a structure in place to show that it is properly run. Appropriate due diligence is always carried out before any grant is issued.

In order to ensure that the grants awarded are being used effectively, all grant recipients are required to submit a monitoring and evaluation form once the grant has been spent. Further applications for funding will not be accepted until the report has been returned in a satisfactory and acceptable condition. In cases where grants are paid quarterly, the subsequent instalment of any grant will not be paid until the quarterly monitoring form has been returned.

Funds held as custodian trustee on behalf of others

Hindu Cultural Society
Cystic Fibrosis Held Fund
Joanne Clare Trust
Operation Spitfire

Cash is held in the charity's bank account and a separate nominal code kept to record any transactions on the balance sheet, which appears in other creditors, and does not form part of the charity's own funds.

Disclosure of information to auditor

Each trustee has taken steps that they ought to have taken as a trustee in order to make themselves aware of any relevant audit information and to establish that the Charity's auditor is aware of that information. The trustees confirm that there is no relevant information that they know of and of which they know the auditor is unaware.

Statement of Trustees' Responsibilities

The trustees (who are also the directors of Staffordshire Community Foundation for the purposes of company law) are responsible for preparing the financial statements in accordance with the United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and applicable law and regulations.

Company law requires the trustees to prepare financial statements for each financial year. Under company law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of its incoming resources and application of resources, including its income and expenditure, for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent Auditors' Report to the members of Staffordshire Community Foundation

We have audited the financial statements of Staffordshire Community Foundation for the year ended 31 March 2016, which comprise the Statement of Financial Activities, Balance Sheet, Statement of Cash Flows and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) - (Charities SORP (FRS 102)).

This report is made solely to the charitable company's trustees, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Charity's trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and its trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of trustees and auditors

As explained more fully in the Statement of Trustees' Responsibilities (set out on page 7), the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the charitable company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the trustees; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Trustees' Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on the financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 31 March 2016 and of its results for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Trustees' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Staffordshire Community Foundation

Independent Auditors' Report to the members of Staffordshire Community Foundation

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Notes to the Financial Statements for the Year Ended 31 March 2016

1 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Basis of preparation

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

Staffordshire Community Foundation meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes.

Going concern

The financial statements have been prepared on a going concern basis.

The trustees assess whether the use of going concern is appropriate i.e. whether there are any material uncertainties related to events or conditions that may cast significant doubt on the ability of the Charity to continue as a going concern. The trustees make this assessment in respect of a period of one year from the date of approval of the financial statements.

Transition to FRS 102

In preparing the accounts, the trustees have considered whether in applying the accounting policies required by FRS 102 and the Charities SORP FRS 102 the restatement of comparative items was required.

The charity adopted SORP (FRS 102) in the current year and an explanation of how transition to SORP (FRS 102) has affected the reported financial position and performance is given in note 25.

Income and endowments

Income is credited to the Statement of Financial Activities in the period in which it is receivable. The income and expenditure account is presented in the form considered most appropriate to the current activities of the charity.

Donations and legacies

Donations and legacies are recognised on a receivable basis when receipt is probable and the amount can be reliably measured.

Staffordshire Community Foundation

Notes to the Financial Statements for the Year Ended 31 March 2016

1 Accounting policies (continued)

Grants receivable

Grants, including grants for the purchase of fixed assets, are recognised in full in the Statement of Financial Activities in the year in which they are receivable.

Investment income

Income from investments is included in the year in which it is receivable.

Other income

In addition to the income disclosed in the accounts Staffordshire Community Foundation also receives help and support in the form of voluntary assistance. This help and support is not included in the financial statements. This voluntary assistance is very much appreciated.

Expenditure

Resources expended are recognised in the period in which they are incurred.

Raising funds

These are costs incurred in attracting voluntary income, the management of investments and those incurred in trading activities that raise funds.

Charitable activities

Resources expended are allocated to the particular activity where the cost relates directly to that activity. Indirect Costs are allocated per time spent on each activity.

Grant expenditure

Grants payable are payments made to third parties in the furtherance of the charitable objectives of the Foundation. Single or multi-year grants are accounted for when either the recipient has a reasonable expectation that they will receive a grant and the trustees have agreed to pay the grant without condition, or the recipient has a reasonable expectation that they will receive a grant and any condition attaching to the grant is outside the control of the Foundation.

Support costs

Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources (staff time spent on each activity).

Governance costs

These include the costs attributable to the Charity's compliance with constitutional and statutory requirements, including audit fees.

Irrecoverable VAT

Irrecoverable VAT is charged against the category of resources expended for which it was incurred.

Staffordshire Community Foundation

Notes to the Financial Statements for the Year Ended 31 March 2016

1 Accounting policies (continued)

Taxation

The Charity is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the Charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

Tangible fixed assets

Individual fixed assets costing £300.00 or more are initially recorded at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

Depreciation and amortisation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

Asset class	Depreciation method and rate
Computer Equipment	2 years straight line
Office Equipment	4 years straight line

Fixed asset investments

Investments held as Fixed Assets are revalued at mid-market value at the Balance Sheet date and the gain or loss taken to the Statement of Financial Activities.

Gains and Losses are taken to the Statement of Financial Activities as they arise. Realised gains and losses on investments are calculated as the difference between sale proceeds and opening market values (purchase date if later). Unrealised gains and losses are calculated as the difference between the market value at year end and the opening market value (or purchase date if later).

Trade debtors

Trade debtors are amounts due from customers for services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. A provision for the impairment of trade debtors is established when there is objective evidence that the Charity will not be able to collect all amounts due according to the original terms of the receivables.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

Staffordshire Community Foundation

Notes to the Financial Statements for the Year Ended 31 March 2016

1 Accounting policies (continued)

Trade creditors

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the Charity does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Fund accounting

Unrestricted funds are donations and other incoming resources receivable or generated for the objects of the charity without further specified purpose and are available as general funds.

Restricted funds are to be used for specific purposes as laid down by the donor. Expenditure that meets these criteria is charged to the fund.

Endowment funds represent those assets, principally investments, held by the charity to fulfil its objectives and are permanent in nature. Staffordshire Community Foundation has adopted a Total Returns Policy in order to balance the needs of present and future beneficiaries.

Pensions and other post retirement obligations

The pension costs charged in the financial statements represent the contribution by the charity on behalf of the employees to a Stakeholder Pension Scheme or other designated Personal Pension Scheme payable by the charity during the year.
